Standard 4. Faculty and Staff	Satisfied
Standard 5. Management, Administration and Finance	Satisfied
Standard 6. Internal Quality Assurance	Satisfied

Good practices

- The university provides liberal arts education with Health Science Theory, Lifestyle Health Science and other courses emphasizing its unique nature, and also provides community-discovery courses on Mount Fuji and the Environment and Community Collaboration Theory and Practice in collaboration with Yamanashi Prefecture and Fujikawaguchiko Town. The university seeks to enrich and improve liberal arts education making the most of the special characteristics of the university and its community. These initiatives are worthy of evaluation.

Recommendations for improvement

- The university is examining and implementing measures to improve the solicitation of students in the Faculty of Health Science's Department of Human Communications, but the fill rate of total capacity is under 70% and improvements are required.
