Good practices

- The Management Philosophy Document written by the Chair of the Board of Directors each year is distributed to all faculty and staff members. It is to be read aloud in turns by faculty and staff members at morning meetings, and attempts are to be made to disseminate the management philosophy as well as cultivate organizational ethics and discipline. These initiatives are worthy of evaluation.

Recommendations for improvement

- The Department of Business Design within the Faculty of Management and Information Studies is currently operating at less than 70% capacity. Enhancements are necessary to address this issue.
