Good practices

- In line with the Agreement on Mutual Use of Libraries with Five Shimonoseki City Higher Education Institutions that has been concluded with five higher education institutions in Shimonoseki City, the students of the five institutions are able to mutually use each other's libraries. This initiative is worthy of evaluation.
- The evaluation points at class observations are synthesized and examined, and excellent teaching decided upon. Those faculty selected for their excellent teaching give lectures at Faculty Development (FD) lecture meetings, and teaching initiatives, ideas and knowhow that link in with the improvement of teaching are publicized to all the full-time faculty. This initiative is worthy of evaluation.
- An external evaluation committee has been established, a system prepared in which the advice of external experts can be obtained, and the advice of external experts is received with regard to matters concerning education, student support, international interaction, community contributions, and university operation. These initiatives are worthy of evaluation.

Recommendations for improvement

- The fill rates of total capacity in the Faculty of Allied Health Science's Department of Health Nutrition and the Faculty of Art's Department of Total Beauty are under 70%, and improvements are required, such as new initiatives to secure full quotas.
- With regard to the Local Community and Individual Roles and Mental and Physical Experience-based Practical Training that are parts of the cross-university human education course, a syllabus should be created, and the performance evaluation criteria and teaching plan shown. Improvements are therefore required.
- With regard to the director stipulated in Article 6 of the articles of endowment as "a person

appointed from among the councilors at a meeting of the Board of Councilors,” the said director is being approved by the Board of Directors prior to a meeting of the Board of Councilors. Improvements are therefore required.

- Since there are shortfalls in total capacity, unprepared syllabuses, and administrative issues regarding the appointment of directors, internal quality assurance cannot be said to be adequately functioning, and improvements are required.
