Good practices

- All full-time faculty members create teaching portfolios and make the content of these portfolios publicly available on the university website with the aim of enhancing FD (Faculty Development) activities, and reviewing educational activities. This initiative is worthy of evaluation.

Recommendations for improvement

- With regard to the criteria for evaluating dissertations as stipulated in Article 14-2, paragraph (2) of the Standards for Establishment of Graduate Schools, their formulation, clear notification to students, and publication on the university website have not been conducted. Accordingly, improvements are required.
- The fact that the auditor's audit report is deliberated and approved by the Board of Directors is inappropriate in light of the purpose of the auditor's audit. Accordingly, improvements are required.
- The number of councilors is less than twice the number of directors and therefore does not fulfill the requirements of Article 41, paragraph (2) of the Private Schools Act and Article 20, paragraph (2) of the articles of endowment. Accordingly, improvements are urgently required.
- Improvements are required with regard to some matters concerning the formulation and publication of criteria for evaluating dissertations, handling of the auditor's audit reports, and the appointment of councilors, and functionality with regard to internal quality assurance cannot be said to be sufficient. Accordingly, improvements are required.
